UNE Token Distribution Strategy

Publicly Available:	250 000 000 000	Coin Offering	25%	250 Billion
----------------------------	-----------------	---------------	-----	-------------

Escrowed 75%

Company:	100 000 000 000	10%	10 Billion
-----------------	-----------------	-----	------------

Verification Rewards:	350 000 000 000	35%	35 Billion
------------------------------	-----------------	-----	------------

First 2 Billion verified profiles to receive 175 UNE each.

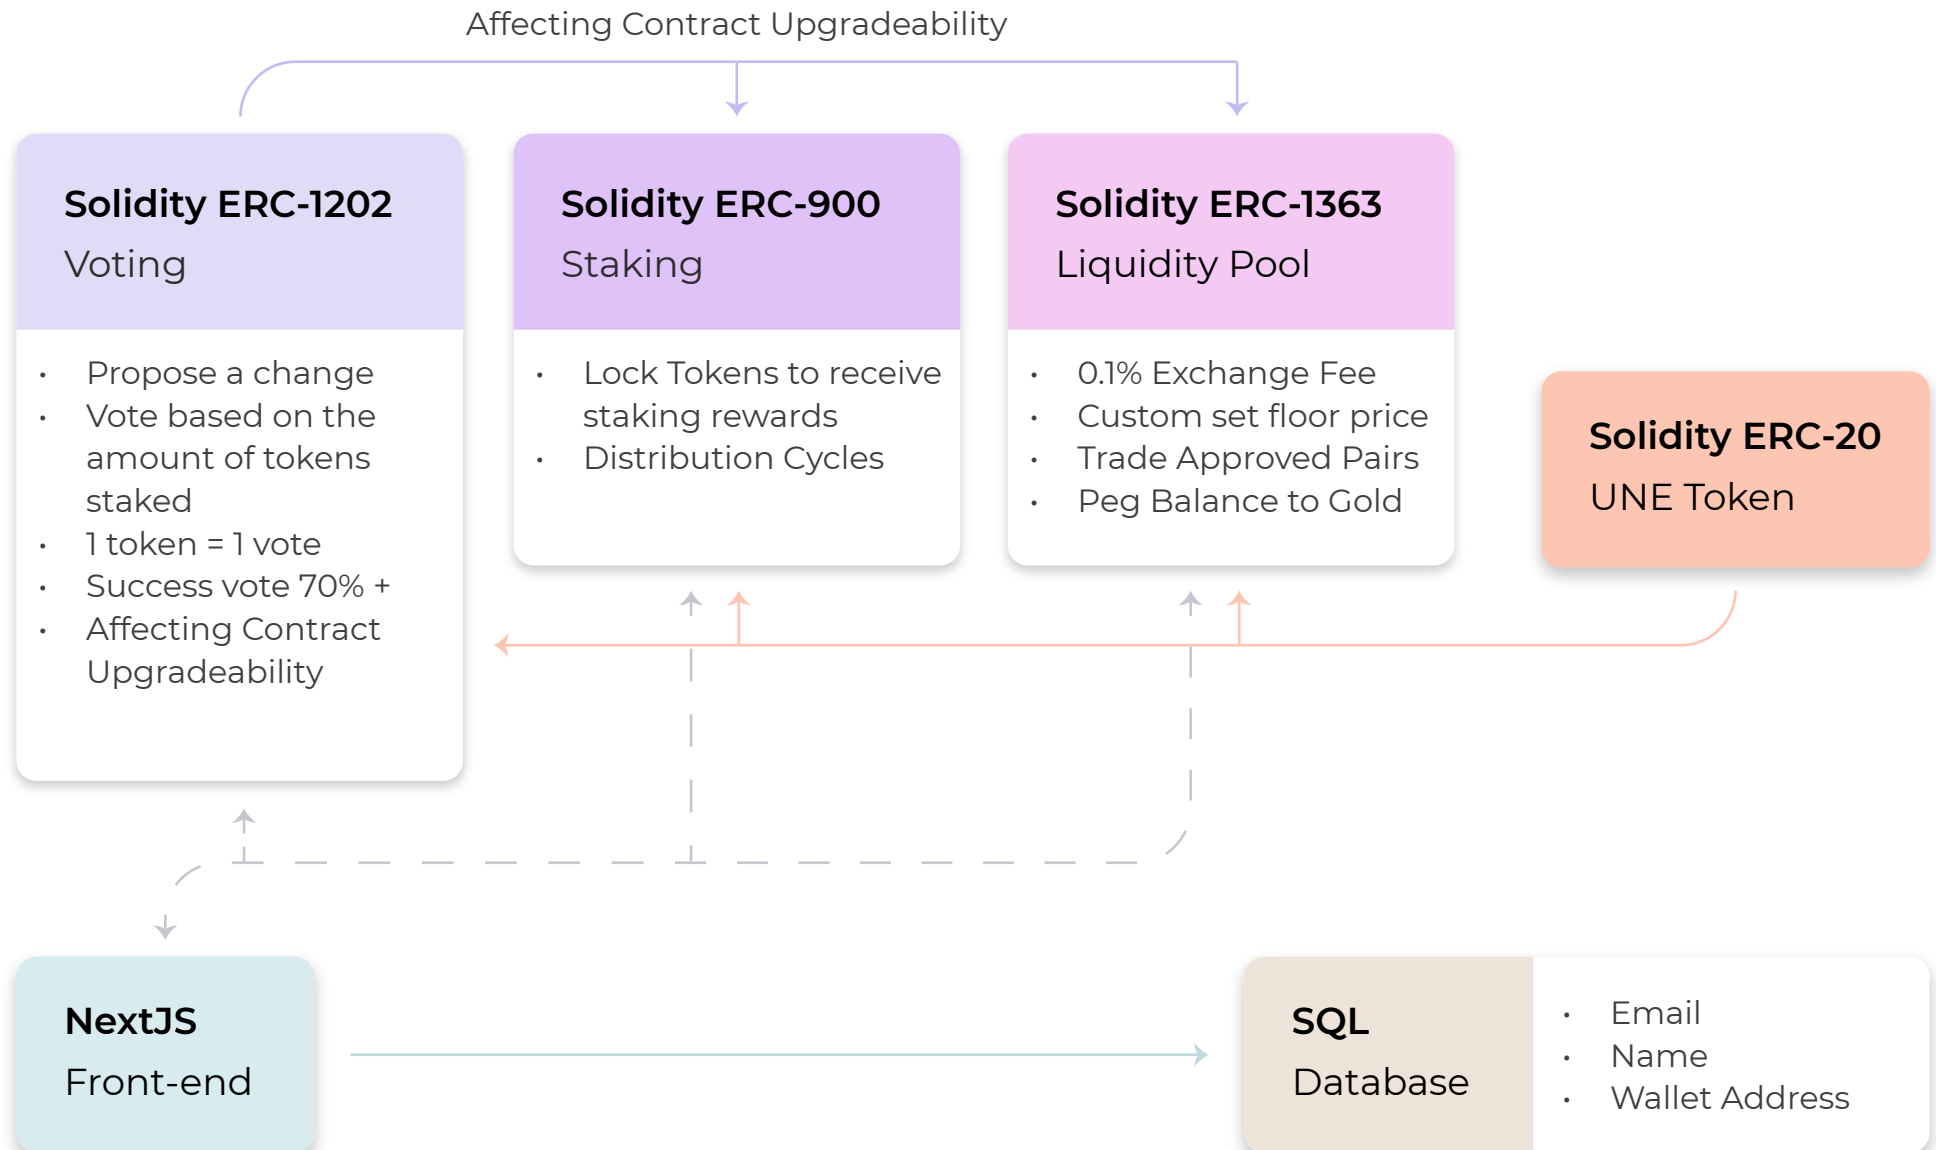

Yearly Distribution:	250 000 000 000	25%	250 Billion
-----------------------------	-----------------	-----	-------------

For the first 5 years, 5% is distributed each year to every verified user equally. (Starting 12 months after launch).

Founders:	50 000 000 000	5%	50 Billion
------------------	----------------	----	------------

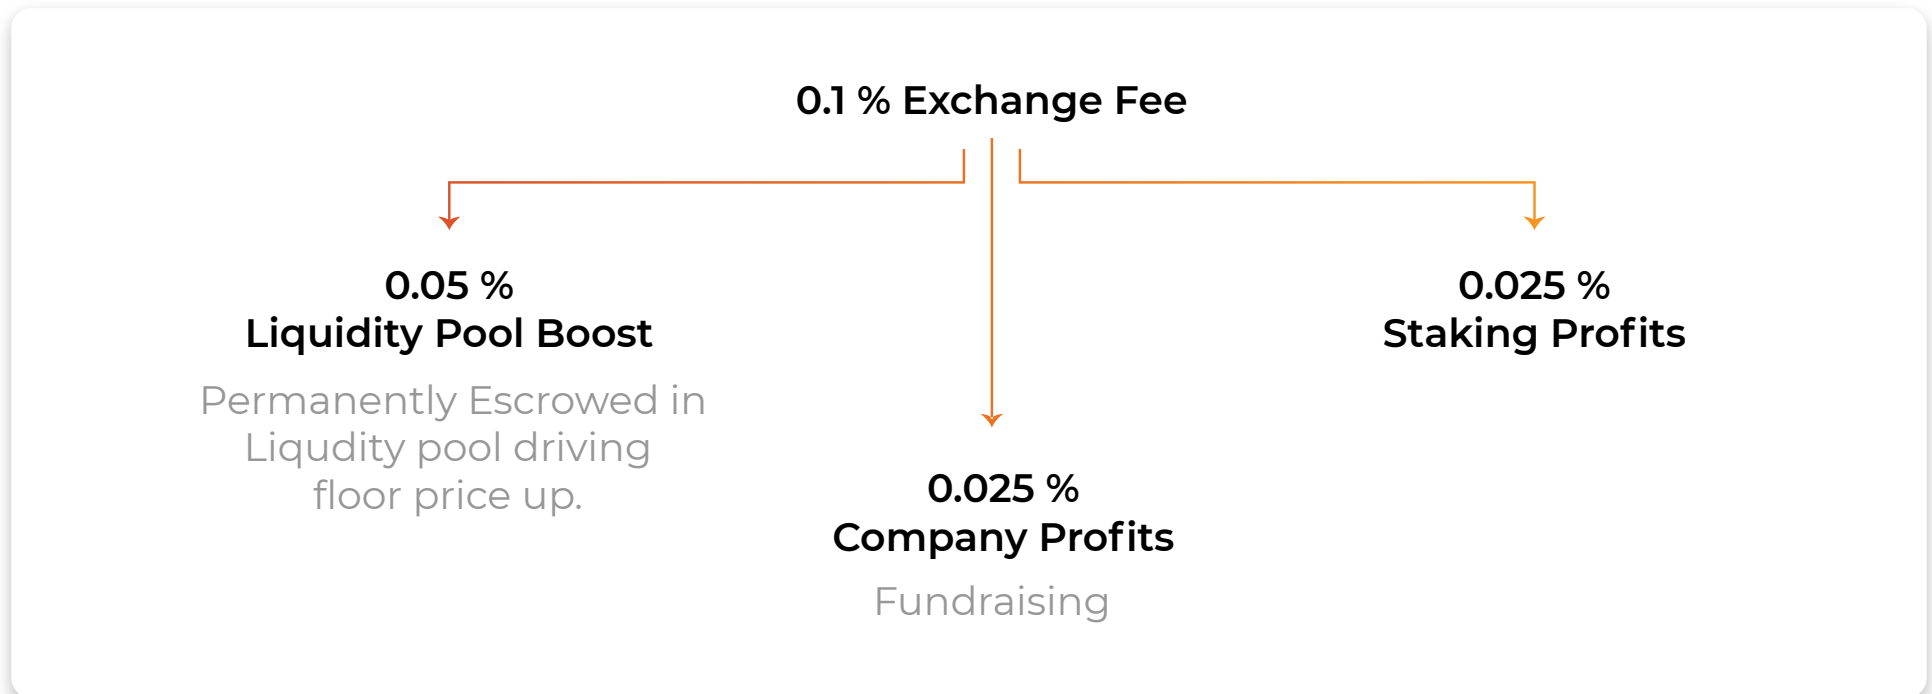

UNE Decentralized Application Architecture

Solidity, NextJS

Liquidity pool and Driving Prices UP!

Proposition of Dynamic Floor Pricing

Floor Trading Price

Floor Market Cap :	2 500 000 €
Floor Trading Price :	0.00001 €
Base Trade Volume Required:	5 000 000 000 €

Token Transfer to UniNet

When UniNet Layer 1 is developed, we will setup a bridge smart contract to easily transfer UNE from Polygon onto UniNet account.
